EDUCATION

Bachelor of Technology in Computer Engineering

Government College of Engineering Jalgaon.

2021 - 2025

Higher Secondary - Class 12

Rareshwar Secondary & Higher Secondary School Dharmapuri, Parbhani

2021

SUMMARY

Results-driven **Computer Engineering graduate** seeking an entry-level **IT role**. Applying strong **analytical, coding, A/B Testing**, and **Data Science** skills to solve complex problems and drive innovative business success.

TECHNICAL SKILLS

- **Programming & Scripting:** Python (Pandas, NumPy, Scikit-learn, XGBoost, PySpark basics), Java (Basics).
- **Databases & Querying:** SQL (MySQL), Oracle, Cloud DW (BigQuery, Snowflake Exposure), Apache Airflow
- **Data Visualization & BI:** Power BI, Tableau, Advanced Excel.
- **Data Concepts & Testing:** Statistical Analysis, Hypothesis Testing (A/B Testing), ETL Concepts, Data Modeling.

PROJECTS

1. Tata Steel Machine Failure Prediction | [LINK](#) | [DRIVE](#)

Sep 2025

- Utilized **Python (Pandas, NumPy)** to process and clean **10,000+ data records**, performing feature engineering that improved overall dataset reliability by **30%**
- Built and optimized **5+ ML models (XGBoost, LightGBM)** using **Scikit-Learn**, achieving an **18% increase** in prediction accuracy through hyperparameter tuning and selection.

2. Bengaluru House Price Prediction | [LINK](#) | [DRIVE](#)

Feb 2026

- Executed data cleaning on **13,320** records and performed outlier removal using **PPS (Price Per Sqft)** logic, reducing the dataset to high-quality features.
- Engineered a **Scikit-Learn Pipeline** with **Ridge Regression**, achieving an **R2 score of 0.82** and **82% prediction accuracy** across **240+** unique urban locations.

EXPERIENCE

1. Intucate | Business Analyst Intern

Jan 2026 – April 2026

- **Core Asset Management:** Spearheaded the end-to-end lifecycle of the organization's **primary content assets**, directly improving the **educational value** and engagement metrics for the target demographic.
- **Cross-Functional Synergy:** Analyzed **ground-level startup dynamics** to implement efficient communication protocols that aligned departmental goals with the overarching technical roadmap of the mobile application.

CERTIFICATES

1. Full Stack Data Science and AI | AlmaBetter | [LINK](#)

Aug 2025

- Skilled in **Python, SQL, and Git**. Developed **6 production-ready ML/DL solutions** from **8+ datasets**, focusing on **model optimization and MLOps deployment** via **Docker**.

EXTRA-CURRICULAR ACTIVITIES

- District Winner in the National Level Computing Intelligence Olympiad (CIO), demonstrating exceptional **logical reasoning** and **data interpretation**.
- Core member of **Technical Council 2025**; co-ordinated **national-level technical events**.
- Anchored two major **national-level cultural festivals Carvaan 2024, Kalasangam 2025**.
